

New Drug Cures
Fever and Ague

(From the New York Graphic).

Of all the prominent men gathered at the medical convention last week none attracted more attention than Prof. G. W. LaTorne, whose new karden treatment for chills and fever and all forms of malaria has been so successful.

While karden is known as a blood purifier and liver invigorator, its value as a cure for malarial attacks was not recognized until recently. Its use is growing rapidly, not only because of its wonderful merit but also on account of its low cost. You can make a full quart of karden tonic by dissolving one ounce of karden and 1/2 teaspoonful of sugar in 1/2 pint of boiling water. The dose is a tablespoonful before each meal and before retiring.

Karden tonic is doubly valuable in the spring, when the system needs toning up. Taken regularly for a few weeks it will do away with that tired feeling, restore lost energy and ambition, correct deranged digestion, arouse a torpid liver and purify and enrich the blood, enabling it to cast out of the system the impurities that cause sallowness, blotches, pimples and similar symptoms of impure blood.

ITALIAN TO LECTURE ON
WORKS OF NATIVE MASTERS

Flaming words of Dante, glowing phrases of Carducci, radiant verses of Pascoli—all in the flowery Italian tongue—will resound Wednesday night in Casino Juarez. Gino Galza, youthful Italian poet, will lecture there on the immortal words of his native land, and will lecture in Spanish, but eclectically in his mother tongue.

The visiting Italian is a young Roman of only 27 years. He has been touring Latin-American countries for a year and more, lecturing to Spanish and Italian Americans.

Refused Consent
To Operation

Mrs. Jett, of McMinnville, Refused to Be Operated on But Took Cardui Instead, And Was Cured.

McMinnville, Tenn.—"Having used Cardui, the Woman's Tonic, and knowing its value, I can truthfully praise it," writes Mrs. Ocie Jett, of this place.

"I don't believe I would be living today, if it hadn't been for Cardui."

"After my baby was born, I lay in bed for 27 days, and the doctor came every day, but he did no good."

"Finally, he advised an operation, but I would not consent, and instead, took five bottles of Cardui, and now I am going about the house, doing my work and even do my washing."

"I can say that Cardui worked wonders in my case. When I commenced to use it, I wasn't able to sit up. Now, I am in better health than I have been for 5 years."

Try Cardui. It is a strengthening tonic for women. It relieves pain, tones up the nerves, builds strength. It has been doing this for 50 years. Have you tried it? No? Then begin trying it today. It may be just what you need. Your druggist sells it.

SUFFERING WOMAN ENDS HER OWN
LIFE WITH TWO PISTOL SHOTSMrs. Charles A. Kaufman
Leaves Note Stating That
She Cannot Bear Her Suffering Longer.

"Goodbye all; you will never know what agony I am suffering. It is getting so the medicine does not give me rest any more. Goodbye, my darling Charlie and little baby. Oh, if I could only live, but I can't live in this torture. Oh, my darling husband and baby. Oh, this is awful. What can it be? Everybody is so good to me."

This letter left by Mrs. Charles A. Kaufman, 37 years old, in her home at 1107 San Antonio street, Monday afternoon, and found beside her lifeless body by her aunt, Mrs. Sarah Colby, tells the story of her death.

The letter was written in lead pencil on the back cover of a pad and was unsigned.

Her body, with the head and shoulders propped up, was found by her aunt when she returned to their home Monday afternoon about 5:30 from a visit to friends. In the body were two bullet wounds, one over the left nipple, and the other a little to the center and slightly lower, the second shot having evidently been the fatal one. The weapon used was an old style 36 caliber brass mounted, rim fire revolver, which she had borrowed two weeks previous.

Justice E. H. Watson, who was called soon after the discovery of the lifeless body, found that the deceased came to her death by pistol shots fired with suicidal intent.

The deceased, who was the wife of Charles A. Kaufman, of the El Paso Sheet Metal works, came to El Paso two years ago from Phoenix, Ariz. No arrangements have yet been made for the funeral.

OFFERS FROM WHITE AND LOOK FOR
HOTEL SITE ON EL PASO STREET

At a meeting of the special hotel committee held at the chamber of commerce yesterday, definite offers were submitted by George Look and Z. T. White for the ground on West San Antonio and El Paso streets, where the proposed hotel has been contemplated. The offer of Mr. Look was in writing, while Mr. White's offer was verbal. No definite action was taken on these offers, although it is understood that one of the offers was considered too high.

Although the offers were made separately, they form one site for the hotel, and unless an agreement can be reached it is said that the San Antonio and El Paso proposition may be abandoned.

Another offer is also to be taken up by the committee, which will be presented by outside interests this week.

Nervous Dyspepsia

If You Have It, Read This
Letter. Kelly & Pollard
Guarantee Mi-o-na.

"I was taken last August with a severe stomach trouble. The doctor said it was nervous dyspepsia. I took his treatment four weeks, didn't feel any better. I took everything I heard of. The first day of December, 1908, I got a box of Mi-o-na. I took them that afternoon and the next day haven't had a bit of pain in my stomach since the 2nd of December. I took five boxes. Feel well now, sleep good—that is something I haven't done in a number of years."—Mrs. M. E. Maxfield, R. F. D. 2, Avoca, N. Y., June 9, 1909.

Mi-o-na in the form of a tablet is the best prescription for indigestion ever written.

It relieves after dinner distress, belching of gas, foul breath, heartburn, etc., in five minutes.

It is guaranteed by Kelly & Pollard to permanently cure indigestion, acute or chronic, or any disease of the stomach or money back.

Mi-o-na stomach tablets are sold by leading druggists everywhere, and by Kelly & Pollard at 50 cents a large box.

The first time you use Booth's Pills you'll be delighted with the result, 25c. Cure constipation.

TRI-BULLION
MAKES REPORTNew Zinc Mill Is to Be Operated
in Kelly District.
Mines Active.

Kelly, N. M., March 28.—The Tri-Bullion Smelting and Development company reports for the year ending October 31, 1909, the products of its mines in Kelly, N. M., as follows: Income from ores mined and sold, \$105,874; royalties from lease \$13,477; ores in transit, \$20,235; total income, \$139,586; total income, \$139,586; total expenses \$88,020; net income, \$72,267, less expenditures upon development of Kelly mine for year charged off to income account, \$29,459; balance, \$42,808.

The Tri-Bullion Mining company is drilling with the diamond drill in its Kelly claim, and it is believed a good vein of copper will be encountered.

New Zinc Mill.
The new zinc mill, which is being erected near the old smelter by the Ozark Mining and Development company is nearing completion and within the next few weeks will be in active operation. This will mean much to Magdalena and Kelly, as there will be a large number of men employed in running the new mill. The Sherman-Williams Paint company is the largest stockholder in this company, and it is thought that with this amount of capital behind the company, it will be one of the finest and largest plants in this section of New Mexico. This is the third mill in the Kelly mining district, the others being the Tri-Bullion mill, and the Mistletoe Mining and Milling company. All of these mills will be in complete operation in the next few weeks.

To Install Power Plant.
The Germany company is to commence breaking ground to install a power plant a few days later. The tunnel, which is being driven through with this allotment and from indications the chances are very favorable that the tunnel will soon be driven further.

Socorro County Resources.
In a recent interview, Hon. C. T. Brown, of Socorro, the mine owner and engineer who was in company with Col. W. C. Wetherill, of Denver, consulting engineer of the Empire Zinc company, said: "Socorro county is slowly but surely coming to the front in the mining world. Its resources are tremendous and have just been sounded. Take for instance, the Kelly district. It has been practically a continuous production for 40 years and today producing more ore and enjoying more activity than ever before. There are now about 350 men actually employed in the mine."

There is a large amount of development being opened up and new properties are being opened up and the whole district has a very favorable outlook for the immediate future.

WICKS SHAFT IS DOWN 335 FEET

Work Continues on Properties in Sierra County, New Mexico.

At the Wicks mine in Sierra county, N. M., shaft sinking has reached a depth of 335 feet, producing good milling ore all the way down with successive lenses of rich shipping ore, some of which encountered near nearly \$300 to the ton.

The most encouraging factor in the development of the Wicks is that there has been a constant increase in values in depth and especially in copper values. Assays of what was considered mill dirt from the bottom of the shaft made recently showed 11.7 percent copper.

Manager Vieg of the Wicks mine is at present in New Orleans in the interest of promotion of a local financial club. A meeting of El Paso Italians will be held Friday night.
